

CURRICULUM VITAE

Personal

Name: PAUL MUBIRI
Place of birth: KAMPALA, UGANDA
Nationality: UGANDA
Mobile Phone: +256 754 544 660/ +256 788 544 660
Email: mubirip@gmail.com

Profile

I am a Statistician/M&E specialist with over 14 years of experience in data analysis, management and coding. My expertise spans thematic health sectors including Reproductive, Maternal, Newborn, Child and Adolescent Health (RMNCAH), Infectious diseases (HIV and Tuberculosis), Health Systems strengthening, Implementation science, and social sciences. My abilities include program/project monitoring and evaluation, data quality assessment, data visualization, survey design and development of data collection tools, capacity building, report and scientific writing. Other experiences include; use of mobile technologies for data collection, statistical data analysis in STATA and R. I contributed to studies that have informed government policies including Maternal Perinatal Death Surveillance in Uganda, Risk Surveillance Systems for Child Developmental Disabilities in Uganda. My work experiences span Uganda and Botswana, multinational organisations including the WORLD Bank, USAID, CDC, GAVI, and government ministries including the Ministry of Health.

Education

2013 - 2017 Master of Statistics (Biostatistics), Makerere University Kampala (2017)
2007 - 2010 Bachelor of Statistics, Makerere University Kampala (2011)

Skills and competencies

1. Design M&E systems
2. Project instrument design,
3. Program monitoring and evaluation
4. Data management
5. Data quality assessments
6. Data analysis, coding and report writing
7. Protocol development
8. Capacity building in data analytics
9. Data science including Machine learning
10. Data visualization
11. Scientific writing

Software skills

STATA, R, REDCap, CPro, DHIS2, Kobo-Tools, and Power BI.

Experiences
